

I am going to Elizabeth Bay House with my teacher and classmates and this is what it looks like.

I will meet guides wearing a uniform and they will tell me of all the fun things we will see and do.

I will be told where I can safely leave my bag and where the toilets are. And if our visit will include breaks.

At Elizabeth Bay House, the guide will explain the rules to me and will tell me when it is okay to touch certain things.

I will see guides dressed up in costumes. They will behave in an unusual way but they are only acting.

I will walk through some dimly lit areas in the house but I will be safe at all times.

There are lots of staircases. Some are narrow and steep so I must hold onto the rail and be careful where I'm stepping.

Guides will tell me when it is time to change activities or move to another room.

I will take part in fun activities.

And I may see or do something quite unexpected!

I will be shown many interesting things!

I know I'm going to enjoy the experience of the journey to Elizabeth Bay House and the activities I do there.
